PORTABLE PERSONALIZATION

What if you could add **instant gratification** and an **unexpected surprise** in a personal manner to your next important event? Please request me to bring my portable deboss machine to imprint initials in your Barrington leather goods given to your event attendees, and watch them rave!

I've provided my mobile debossing at major events such as The Masters, a Super Bowl, several U.S. Opens (golf), PGA TOUR Pro-Ams, a Ritz-Carlton key group clients meeting and numerous other corporate events. I know it delights the recipients as I watch their reaction, and I know it meets my clients' objectives as I keep getting invited back to do again and again :)

CARRY YOUR LEGACY

Barrington Leather Goods On-Site Personalization “Resume”

GIVE YOUR VIP'S THE GIFT OF CHOICE

BARRINGTON On-Site + On-Line Gifts Suite

How It Works...

STEP 1: Provide Wes an approximate budget per event attendee/gift recipient, and Wes will send you specific custom gift recommendations for review and selection.

STEP 2: Barrington's factory makes a set of physical samples featuring each gift selected by the Event decision makers as an option for gift recipients to view and feel in person at the event.

STEP 3: Each gift recipient picks his/her gift or gift set and fills out a simple order form. It takes each person about two minutes, on average, to select the gift choice with custom/personalized options and fill out the order form.

STEP 4: Barrington's factory custom makes each gift to each gift recipient's personal specifications and drop ships it to each gift recipient's place of choice soon after the event.

OPTIONAL STEP 5: Request Wes to build an ONLINE "pop up shop" for your VIP's to select gifts conveniently.
